DETAILED ACTION

Response to Arguments

1. Applicant's arguments, see After Final Amendment, filed 8/13/04, with respect to claims 1-16 have been fully considered and are persuasive. The rejections of claims 1-16 have been withdrawn.

Reasons for Allowance

2. Claims 1-16 are allowed over the prior art of record.
3. The Examiner agrees with the arguments filed in the After Final Amendment, filed 8/13/04. The art of record does not teach the combination of "a code information storage part that stores code information for rendering; a font storage part that stores character shape data; and a management part that receives the code information and stores the information in the code information storage part, wherein the management part, for code information indicating a character, stores, in the code information storage part, reference information for referencing shape data of the character within the font storage part and stores, in the font storage part, the reference information pointing to the code information referencing the character shape data in association with the shape data of the character" which is recited in varying forms in all the independent claims.
4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably **accompany** the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
